14. APPLICATION EVALUATION FEE

- € 50 (or £ 35) payment enclosed
- I have paid my application fee via online credit card payment on the website.

I am applying to London College for Higher Education as authorized educational institution of worldwide university/college partners and have selected the following degree program:

15. TUITION FEES (all amounts in € - Euro or in £ - GBP)

For all Schools, Centers, and Institutes of London College for Higher Education and its worldwide Educational Partners. Please select one only:

- Bachelor's Degree Program.. € 12,000 (EUR) or £ 9,600 (GBP)**
- Master's Degree / MBA Program.. € 12,000 (EUR) or £ 9,600 (GBP)**
- International MBA Program.. € 14,000 (EUR) or £ 11,200 (GBP)**
- Doctoral Degree Program.. € 14,400 (EUR) or £ 11,600 (GBP)**

The Matriculation Fee € 300 (£ 250) and is due at official registration. The Graduation Fee of € 400 (£ 330) is due at graduation date.

16. TUITION PAYMENT PLAN (Please select one)

- PLAN A:** Upon admission, the student pays the entire tuition and receives a 6 % reduction on the total tuition fee.
- PLAN B:** Upon admission, the student pays the tuition in two equal installments and receives a 3 % reduction on the total tuition fee.
- PLAN C:** Upon admission, the student pays in twelve equal monthly installments of tuition due to be paid equal installments. This reflects the University's mandatory policy that a student must be enrolled for a minimum of twelve months or one academic year before a degree can be granted. Even if the exceptional, already-accomplished student were to finish all academic work in less time, the student's degree would not be granted before the end of one academic year, that is, a twelve month period from the time of initial enrollment. (Late payment fees may apply to outstanding tuition fees).

ADDITIONAL FEE FOR PROGRAMS IN DISABILITY STUDIES

A Course Materials fee of € 250 (£ 200) is payable by graduate students at the commencement of their programs, and an internship evaluation fee of € 250 (£ 200) is payable by doctoral students prior to proceeding with the internship requirement.
